### News 17<sup>th</sup> February 2010

#### To All our Customers and Suppliers

#### CVA approved

SEH are pleased to announce that the CVA mentioned in our earlier letter has been approved by more than 99.9% of creditors.

The CVA allows for creditors to be repaid 100% of their debt over 3.5 years or sooner.

We wish to thank all our creditors for their support for our plan which allows us to continue the supply of our services without interruption.

South Eastern Hydraulics continues to supply the high standard of hydraulic services that have built its excellent reputation over the past 35 years. These services include:-

- The design, manufacture and installation of hydraulic systems,
- The distribution of Parker Hannifin components, hose and fittings,
- The supply of components from many other manufacturers.
- The provision of on site maintenance and technical advice.

We are very much open for business and look forward to our continuing trading relationship over the coming years.

Please remember that we are closing our factory at 11 Holmethorpe Avenue and amend your records accordingly.

Please do not hesitate to contact us if you require any further information.

Yours sincerely

Managing Director  
South Eastern Hydraulics Ltd.
